

In May 2012 Carymoor was awarded the Learning Outside the Classroom (LOtC) Quality Badge. This is a national benchmark that accredits providers of learning outside the classroom who offer good quality educational experiences and manage risk effectively. The badge is endorsed by Somerset County Council, replacing the need for a SCC EV4 contract. It is hoped that this will make it easier for teachers to organise trips away from school by reducing the amount of 'red tape' you have to contend with. For more information see the LOtC website [www.lotc.org.uk](http://www.lotc.org.uk).
